IRISH REPUBLICANS IN POSSESSION OF LIMERICK

Ratification of Four-Power Treaty is Still Being Discussed

SITUATION IS MORE SERIOUS THAN EXPECTED

The Republican Mutineers Have Given Free State Forces 48 Hours to Surrender.

SITUATION GROWING SERIOUS

10 Companies Troops Are Being Rushed From Dublin to Cope With Limerick Situation.

(By Associated Press.)
DUBLIN, Mar. 7.—Richard Mulcahy, minister of defense in the British cabinet, left today for Limerick. It was expected his visit would result in a settlement of the difficulty that has arisen as a result of the invasion of the town by detachment of the Irish Republican army troops.

(By Associated Press.)
LIMERICK, Mar. 7.—Detachments of the Irish Republican army and troops who invaded Limerick last Sunday and commandeered the principal hotel, entered a sphere of occupation today by taking possession of the Technical school. With the town occupied by British troops not yet evacuated by the Free State Republicans and members of the Irish Republican army, the situation is regarded full of possibilities.

(By Associated Press.)
DUBLIN, Mar. 7.—Reports that Republican mutineers have given the Free State forces 48 hours' notice to surrender. The Limerick police barracks have intensified the situation in Limerick and caused a genuine anxiety to the Free State. The rumors lacked substantiation, but it was agreed the Free State would stubbornly resist dispossession.

The Irish Republican army headquarters here understand to be dealing energetically with the mutinous action of troops at Limerick. Ten companies of the Irish Republican army troops, uniformed, and carrying rifles, boarded trains here yesterday. The destination was not revealed, but it is believed to be Limerick. Other troops, it was said, would leave today.

BELFAST, Mar. 7.—Gunmen were active in the early morning hours, increasing the tension here despite the efforts of the police and soldiers. A man was shot dead on Perry Hill, and a newspaper had a party of his arm shot off. The disturbances are chiefly limited to Carrick Hill in the Sinn Féin district where gunmen, hidden behind chimneys, took pot shots at workers going to the shipyards.

(By Associated Press.)
BELFAST, Mar. 7.—Rioting in Hanover street this afternoon resulted in the firing into a crowd by the military, killing two boys and wounding another. The lord mayor has announced that the imposition of martial law is imminent.

(By Associated Press.)
DELAND, Fla., Mar. 7.—Acting on information the authorities say was furnished by the Ku Klux Klan, Mrs. Alice R. Shields was arrested today at St. Cloud on a warrant charging her with the murder of her husband, William A. Shields, who was shot and killed near here on February 6.

SEN. POINDEXTER TO BE INVESTIGATED

(By Associated Press.)
WASHINGTON, Mar. 7.—Senator Caraway today introduced in the senate a resolution calling for an investigation of Senator Poindexter's charges to the effect that undue influences were exerted to force the senator's vote against the retention by Senator Newberry of his seat in the senate, when that contest was up for consideration.

CULEBRA STONE WILL ADORN TEDDY'S GRAVE

(By Associated Press.)
NEW YORK, Mar. 7.—A ton and a half of stone taken from Culebra, out of the Panama canal arrived here today on the steamship Santa Teresa. It will be erected as a monument over Theodore Roosevelt's grave at Oyster Bay.

AMMONIA SHOT AT MESSENGER CARRYING CASH

Boy Hangs On to Money Bag and Bandit Is Captured by Pittsburgh Police.

(By Associated Press.)
PITTSBURGH, Mar. 7.—Dressed as a woman and armed with a water pistol loaded with ammonia, a bandit fired at Charles Lazara, bank messenger, carrying \$15,000, as he slipped from a street car in the business district. Lazara, although blinded, held on to the money bag and grappled with the bandit. A policeman saw the struggle and after going out, arrested the bandit who gave his name as Joseph. Trial say.

NEWSPAPER IN PARIS IS GIVEN NEW FREEDOM

(By Associated Press.)
PARIS, Mar. 7.—That little world of its own in Paris which has to do exclusively with the creation of women's clothing has been thrown into a high state of excitement through the recent "radical" departure of one of its leading members in inviting newspapermen to view his spring and summer dresses.

In doing so the dressmaker smashed a tradition as old as the Paris dressmaking business itself, which has always boasted of the fact that it needed no newspaper to assist it to greatness.

The representatives of the press have been rigorously barred heretofore and many of the big establishments whose names are well known to American women have gone so far as to demand a special passport with a picture from all those who entered their establishments. Those few special fashion writers who have obtained admission were made to believe they had been highly honored.

Patou, a young Frenchman with American ideas, decided recently that his associates were wrong. He, therefore, arranged a special party, invited all the best known newspapermen in Paris—foreign and French—and revealed to them the secrets of his art. Any one was free to carry away a careful description of the gowns displayed.

Patou's move has caused great discussion in the Paris fashion world and there is much speculation as to whether it will force other dressmakers to open their doors to the press. Many well known houses which have felt the pinch of recent hard times are wondering whether they are wrong.

MACNAMARA TO MILL TONNAGE FOR WEST END

Overflow Amounting 2,000 Tons Monthly From West End Will Go to MacNamara Mill

CONTRACT SIGNED MONDAY

Under Its Terms Ore Delivery From West End Starts Almost Immediately.

With the signing of a contract yesterday afternoon at 5:30 o'clock between the officials of the West End Mining company and Joe L. Joseph, president and general manager of the MacNamara Mining and Milling company, the business and mining life of this community is greatly stimulated.

Under the terms of this contract the West End Mining company agrees to furnish a sufficient tonnage of ore to keep the MacNamara mill running to extreme capacity for a long period. This means that the plant will be operated on three 8-hour shifts and that a maximum capacity of about 2,000 tons of ore will be treated monthly.

It is not the intention of the MacNamara Mining and Milling company to refrain from accepting custom ore from the mines of Tonopah and the surrounding districts, but on the other hand all consignments of ore will be accepted. What is lacking in keeping the machinery going at top speed at all hours of the day and night will be supplied by the West End Mining company, which, under present conditions, would mean a delivery of about 2,000 tons of ore a month.

The signing of this contract by J. W. Sherwin, general manager of the West End Mining company, and Joe L. Joseph, president and general manager of the MacNamara Mining and Milling company, means much in support of the business life of Tonopah. It means that the West End Mining company will immediately enlarge the scope of operations, and that its production will be increased by at least one-third. This will stimulate the employment of a great many miners. The transaction also means that the MacNamara Mining and Milling company will add several men to its working force, and that at least 15 and possibly more, mineworkers will find steady situations at the mill mill plant. It means that the million output from the West End mine will be materially augmented, and that a season of great prosperity will follow for both the West End and MacNamara companies.

UNIVERSITY ROBBED MORE THAN \$150,000

(By Associated Press.)
PHILADELPHIA, Mar. 7.—Bonds other than negotiable securities, valued at over \$150,000, have been stolen from the strong box of Dr. Thomas W. Evans of the Dental School and Museum fund of the University of Pennsylvania. Walter A. Unger, 27, assistant treasurer of the fund, is sought in connection with the theft.

RECLAMATION BILL REPORTED BY SENATE

(By Associated Press.)
WASHINGTON, Mar. 7.—The McNary bill, appropriating \$350,000,000 for development of irrigation reclamation, including swamp lands and drainage, was reported favorably today by the senate irrigation committee.

JESSE RICHMOND IS VICTIM PNEUMONIA

Jesse Richmond, refineryman at the mill of the Tonopah Mining company of Nevada, at Millers, Nevada, died early this morning at the Mine Operators' hospital of pneumonia. Richmond was well known as he has been a trusted employee of the Tonopah Mining company for the past 12 years. He left to mourn his loss, Joe H. Richmond, father, of Provo, Utah, who was unable to come to Tonopah. Richmond's brother, Edward, and nephew, have been at his bedside for the past three days. Burial will be at Provo, Utah, the remains will be taken to that place tomorrow morning by his brother.

His life was insured under the insurance plan carried by the Tonopah Mining company on the lives of its employees.

SOLDIER BONUS BILL IS READY INTRODUCTION

Chairman Fordney Is Entrusted With Honor of Introducing Relief Measure.

FOUR OPTIONS ARE INCLUDED

Vocational Training, Home and Farm Aid and Land Settlement Are Included.

(By Associated Press.)
WASHINGTON, Mar. 7.—A final agreement on the compromise of the soldier bonus bill was reached today by the house ways and means committee by the Republicans who authorized Chairman Fordney to present the measure to the house before adjournment today. As finally drawn the measure carries four options with an added provision of immediate cash payment to former service men entitled to not over \$50 adjusted service pay. The other three options are vocational training, home and farm aid, and land settlement. Efforts to include a provision for the payment of compensation to the immediate relatives of men who died since their discharge from service, was unsuccessful. Fordney predicted the passage of the bill by the house.

HAMILTON REID ANSWERS CALL OF HIS MAKER

Dies From Injuries Received as the Result of Falling Down Old Shaft.

WAS A VERY POPULAR CITIZEN

Widow Has Sympathy of People of Entire Community in Hour of Sorrow.

In the death last night at 6:10 o'clock at the Mine Operators' hospital of Hamilton Reid, Tonopah, one of its best known and highly respected citizens, a man beloved by all good people. Mr. Reid was a man of the highest integrity, endowed with sterling character and principles, and a man who was always open and above board in his dealings with his fellow man. He was a good husband, a sincere friend and a loyal associate, and his death has caused a void that will be, indeed, hard to fill.

The death of this estimable citizen resulted from injuries he suffered on Sunday night, February 26, when he accidentally fell headlong down one of the old Argonne shafts, in the Dixie district, while en route by auto from Goldfield to Tonopah. He suffered a compound fracture of the left ankle, two broken bones in the right ankle and injuries about the head and back. Following the accident he seemed to improve, his wonderful constitution standing him in good stead, but the poison accruing from the wounds penetrated his system, and on Sunday morning at 3 o'clock the physicians in attendance discovered that meningitis had developed, and from that moment they became convinced that the patient was beyond all earthly aid.

The announcement of the death of Mr. Reid came like a thunder-bolt from a clear sky, and the entire population sympathizes with the grief-stricken widow upon the departure from earthly activities of her helmsman in life.

Hamilton Reid was born at Kentville, Ontario, 54 years ago. At the age of 19 years he went to Butte, Montana, where he became identified with the life of that community, remaining there until 17 years ago when he came to Tonopah. He was married at Los Angeles on March 8, 1909, shortly after his arrival here at Mrs. Olive Young, and their home life had been exceptionally happy. Shortly after his marriage Mr. Reid and his wife moved to a Rhyolite, where Mr. Reid acted as master mechanic of the Montromery-Shoshone mine, which was controlled by the Schwab interests, remaining there 18 months, when he and his wife moved back to Tonopah. Here he became identified with the Tonopah Extension Mining company, serving in the capacity of master mechanic for 11 years. During his reign he superintended the installation of all machinery, including the construction of the big plant, which speaks volumes touching upon his ability, both as regards construction and management of men.

Deceased was a 32d degree Mason, being affiliated with Moriah lodge No. 24 of Butte, and also Butte Consistory No. 2, Scottish Rite. He was also a member of Algeria Temple of Shriner of Helena, Montana. Mr. Reid was also a member of Turquoise Chapter No. 10, Eastern Star, and a member in good standing of Tonopah lodge No. 1062, B. P. O. E.

In addition to the widow deceased is survived by four sisters, Mrs. William Taylor, of Ottawa, Canada; Mrs. William Loran and Mrs. Mary Clark, of Osgoode Station, Ontario, and Mrs. Fanny Clark, of Manitoba, Canada. He also is survived by two uncles, Dr. Hamilton Allan of San Diego, and Joseph Allan, of Vernon, Ontario.

Pending advices from the relatives no arrangements have yet been made for the funeral, but it is probable that services will be conducted Thursday from the Masonic Temple in this city.

Flags at the Tonopah Extension and Elks club are flying at half mast today in memory of Mr. Reid.

GRADE ALL APPLES SAYS CALIFORNIA

(By Associated Press.)
OLYMPIA, Wash., Mar. 7.—All apples shipped into California hereafter must show proper grade and designations on outside containers, according to a letter received by Charles L. RAILROAD MEN RECEIVE MORE THAN OTHERS

Executive Secretary of Western Railways Quotes Statistics to Prove Assertion.

(By Associated Press.)
CHICAGO, Mar. 7.—Men engaged in work comparable to that on railroads, employed in 5,327 industries of 28 states, are receiving wages much lower than those paid railroad employees, according to a statement made today by J. W. Higgins, executive of the Association of Western Railways, before the railroad labor board at a hearing concerning wage disputes.

OLD TIMER IS CALLED TO HIS LAST REWARD

Archibald McDonald, Widely Known Through West, Is Victim of Influenza.

Archibald McDonald, aged 74 years, widely known throughout the mining camps of the west, and especially in Colorado and southern Nevada, died this morning at 4:45 o'clock at his apartment in the Mizpah hotel, 262, having an illness of two weeks in which he suffered influenza. Mr. McDonald was injured about three months ago as a result of falling on the stairs in the Mizpah hotel when the lights went out suddenly, suffering a broken elbow and injuries about the head. He never fully recovered from the shock, which had much to do with hastening his end.

Mr. McDonald was born in New York, where a brother, James A. McDonald, vice-president of the United Verde Mining company, makes his home. He also is survived by a married sister residing at Flushing, N. Y.

Mr. McDonald left New York 75 years ago and settled in Colorado, making his home at various times in the mining camps of that state. During the Goldfield excitement he located in that camp, where he established many friendships which continued until his dying day. For the last two years he had made Tonopah his home, and his many friends learn with regret of his demise.

Upon instructions from his brother, who resides in New York, the remains will be prepared for shipment to his old home in that city where interment will take place.

for the funeral, but it is probable that services will be conducted Thursday from the Masonic Temple in this city.

Flags at the Tonopah Extension and Elks club are flying at half mast today in memory of Mr. Reid.

SEN. KELLOGG LAUDS TREATY, ADVANTAGEOUS

Says Reservations Could Be Made With Embarrassment Rather Than Advantage.

FREE FROM ENTANGLEMENTS

Insists No Agreement Included to Force or Defend Rights of Other Nations.

(By Associated Press.)
WASHINGTON, Mar. 7.—Advocating ratification of the four-power Pacific treaty without hesitation or qualification, Senator Kellogg today told the senate that it was so free from entangling commitments as to make reservations possible sources of embarrassment rather than of advantage. The Minnesota senator declared that no agreement to employ force or defend any other nation's rights was contemplated by the instrument.

CHARITY DRIVE IS SCHEDULED OCCUR FRIDAY

Be Sure and Give and Give Until It Pains and You Will Be Made Most Happy.

A charity drive will be conducted in Friday by the ladies of Tonopah, the money subscribed to be used in looking after the wants of the needy. This is a most meritorious idea and should warrant the support of every person, and it is hoped that all liberal minded and charitable individuals will give and give until it actually hurts.

The ladies' squads will be provided with tags and each person who gives to the cause will be furnished one of these tags so that in the event they encounter the second or third squads they can show that they have given to the cause.

There is no limit on the amount of money given, so do not be stingy, but unknown your purse-strings and do something that you know will be appreciated and that will result in relief being brought to the needy and suffering of Tonopah.

DR. McLEOD occupied last night from a professional room at the John Jay ranch on Harley creek.
